Introduction 9

Who This Kit Is For 9

What This Kit Is Not 9

Organization of This Kit 9

You Can Do It 10

INVENTION STRATEGIES 12

Chapter 1: Eight Ways to License and Sell Your Invention 13

Definition: Licensing an Invention 15

Definition: Selling an Invention 15

What Do Companies Want? 16

Sell Your Patent at Auction 17

Sell to a Patent Aggregator 18

Sell Through a Patent Broker, *Not* a Submission Company 18

Why You Shouldn't Advertise an Invention for Sale or License 19

Patent Value 20

Chapter 2: Invention Roadmap 25

The 7-Step Process 25

Steps to License or Sell Your Invention to a Company 26

The Market-Step™ Process Diagram 27

Chapter 3: Decision to Market, License, or Sell 30

Self-Marketing vs. Licensing Example 31

Do You Prefer to License Your Invention? 32

Do You Prefer to Sell Your Invention? 33

Do you Prefer to Self-Market? 34

Decision 34

Chapter 4: Product Failure and Success 36

- What is a Product? 36
- Why Do Products Fail? 36
- Why Do Products Succeed? 37

Chapter 5: Protect Your Idea 38

- New Patent Law in the United States 38
- The One-Year Rule 38
- Your Invention Logbook 39
- Non-Disclosure Agreement 40

Chapter 6: Market Research 41

- Primary and Secondary Market Research 41
- Determine Your Industry 42
- Market Research Sources 43

Chapter 7: Working With Agents and Consultants 45

- Working with Agents and Consultants 45
- Where to Find Agents and Consultants 46

THE 7 STEPS TO SELL OR LICENSE 48

STEP 1: Perform a Market Evaluation of Your Product Idea 49

- Test for Marketability 50
- What's Your Moneymaking Idea? 50
- Find Similar Products 51
- Preliminary Patent Search 52
- Uncover Your Invention's Benefits 53
- Your Invention Must Have Advantages 57
- Decision Path One 58

STEP 2: Get Feedback with a Concept Evaluation 59

- Who Is Your Future Customer? 60
- Create a Concept Survey to Get Feedback 64
- Get More Feedback with Informal Interviews 67
- Decision Path Two 70

STEP 3: Create Your Prototype and Get Feedback 71

- Prototype Development and Evaluation Flowchart 72
- Goals for Your Prototype 73
- User Scenarios 74
- Prototype Requirements 75
- Prototype Development 77
- Get Feedback on Your Prototype 84
- Prototype Interview Plan 85
- Recruit Attendees 87
- Conduct Interviews 87
- Feedback Survey 90
- Prototype Summary 91
- Decision Path Three 92

STEP 4: File a Patent, Trademark, or Copyright 94

- Need For A Patent 95
- Provisional Patent Application 95
- Types of Patents 96
- Costs of Patents 99
- Infringement 100
- Where to Find Patent Attorneys and Patent Agents 100
- International Patents 101
- Trademark Protection 102
- Copyright Protection 104

STEP 5: Create a Product Proposal 106

- Product Proposal Format 107

STEP 6: Search and Contact Companies 110

- How to Find Companies 110
- How to Contact Companies 112
- Use a Phone Script When Calling Companies 113
- Companies With Their Own Submission Process 114
- Presenting Your Invention 115

STEP 7: Negotiate a Great Deal 117

Submission Follow-up 118

When a Company is Interested 118

Option Agreement and Letter of Intent 119

Researching and Evaluating an Interested Company 121

Important Terms of an Agreement 124

Negotiating to Reach an Agreement and Getting Paid 132

Patent Infringement Review 134

Index 136
